18-0002-COE Pebble Project Cooperating Agency Response Ltr.docx

Hi, Here's the draft version I've recently developed this afternoon, incorporating David's edits and catching a few other things that needed to be addressed. It's not exactly the same as the version Patty just shared – it's close. It's not likely to be productive to share with the full group at this point. Linda, anticipating that you'll be signing on Monday, I'm available to help if you need anything. Jill
